

Agropur Dairy Cooperative

Food Manufacturing

Saratoga CRM

Who They Are

Agropur Dairy Cooperative is a top **20 global dairy manufacturer** for some of the most prominent food, beverage, and nutrition brands in the world. **Agropur has sales of over \$6 billion US dollars (2020) and close to 40 locations across the United States and Canada.**

Agropur's promise is to have their approximately 8,000 employees work with their 3,000 dairy farmers to continuously innovate and improve their dairy business.

Solutions

Tokara Solutions provided the Remote Application Management (RAM) program to augment Agropur's IT team. Under this offering, Tokara Solutions handles the daily task and requested enhancements to our customers' Saratoga systems. This has allowed Agropur access to a resource that is extremely strong in Saratoga and also knowledgeable about Agropur. **Remote Application Management is becoming increasingly popular across Tokara Solutions' customer base as it allows our clients' IT teams to focus on long term goals.**

— “ —

Tokara Solutions continues to work closely with Agropur to design, develop, test, and deploy each new update to Saratoga.

— ” —

Success Story

With Tokara Solutions' guidance, CRM seniority, and Saratoga expertise, Agropur has deployed performance enhancements, improved the sale processes, completed Windows upgrades, improved their cloud storage approach, and implemented significant UI improvements. From day one when we started this project, the **Remote Application Management program was able to provide immediate benefits for Agropur.**
